PEOPLE ARE SICK OF WILSON, SAYS STATE CHAIRMAN

Joseph Holt Gaines, of Charleston, Chairman of the Republican State Executive Committee.

Republican Landslide Similar to That of 1904 is Coming, He Says.

Asked to give his views on the political campaign, the Hon. Joseph Holt Gaines, chairman of the Republican state committee, Saturday night said:

"We are sure to win. The Republican party is in better condition in this election than it has been since 1900. There are fewer factional differences than in 1904, 1908 or 1912. Nationally the tendency which is both toward Hughes and against Wilson gives promise of a Republican landslide similar to that for Roosevelt in 1904."

"The people are simply disgusted with the Wilson administration on account of its general attitude of time serving, opportunism, watchful waiting and anxious indecision generally. The fearful loss of American lives, both soldiers and civilians, in Mexico; his timid betrayal of Ameri-

can rights in the presence of the European war, unfair to both sides when he should have been just to both and aggressively neutral; the wholesale and shameless graft, sectionalism, and extravagance of the recent Democratic Congress; his weak enticement of organized labor into a position where it finds itself on the defensive before the great body of the American people; his spasmodic and feverish attempt at the eleventh hour to go over to the protectionists, whom he has always opposed and would now betray—in short, his whole program of watchful uncertainty has solidified the Republican party, and divided the Democratic party."

"In the state, the Democrats are on the defensive. Mr. Cornwell has no speech to make save the one which was discredited twelve years ago, and has been disproved since. Moreover the forces behind Cornwell are not approved of by the people. The whole Republican ticket will win by the biggest majority we have ever received."

FAMOUS SINGER TO APPEAR HERE

English Artist Will Be Heard at
Trinity Colored Church
Monday Night.

Pureza Rico, of London, England, famous basso singer, is to appear at the Trinity Methodist Episcopal church, colored, on Ben street Monday night. This wonderful genius received his musical training in the United States and Europe. Mr. Rico has sung all over Europe and is acknowledged to be one of the most gifted and remarkable basses the world has ever known. Owing to the present war conditions in Europe he is now touring America. He is a great attraction on the eastern hemisphere. The largest halls in Europe proved too small to hold the large number of people who thronged to hear him. The London Daily Mail says of Mr. Rico:

"In recent years London has been visited by many basses of repute, but it has been left to Mr. Rico to achieve the distinction of being far away the best basso we have ever heard in London; this is the unanimous opinion. His singing is impregnable."

The London Times says: "Mr. Rico is gifted with a bass voice of great power and range. His technique is excellent, indeed. He went from triumph to triumph. So enthusiastic did the audience wax that they would have been only too pleased had he gone on singing all night."

The public is invited to hear Mr. Rico in a song recital at Trinity church on Ben street Monday night.

TO DELIVER LECTURE.
The Rev. G. I. Wilson, of Wheeling, synodical missionary of the Presbyterian church, will deliver a stereotypical lecture on home missions in West Virginia at 7:30 o'clock Sunday evening in the First Presbyterian church. The public is cordially invited to attend.

SCHOOL NOTES

By J. A. Jackson, Superintendent of the Clarksburg Public Schools.

The total enrollment in the public schools at the close of the first week was 3,222.

The enrollment in Washington Irving high school was 565, an increase of more than 100 over last year, and there are a number still to enter. The enrollment by classes was, first year 246, second year 138, third year 112, fourth year sixty-nine.

The first high school chapel exercises of the year were held Friday morning. The new high school orchestra played at these exercises and delighted every one. There are already eleven members and more are arranging to become members. The orchestra is directed by Professor G. W.

Parish, supervisor of music.

The board of education finds it necessary to employ two additional teachers to take care of congested conditions.

Beginners will still be admitted to first grades during the coming week, but not after that time.

Professor Orle McConkey attended a meeting of high school officials at Fairmont Saturday, when a schedule of athletic games for the coming year was arranged.

Professor Frank Arnett, athletic director, has been lining up the football material the last week and reports that the prospects indicate a winning team for Washington Irving high school this year.

BISHOP FOR THE NEGROES IS PROPOSED

Proposition Will Be Passed On
at the General Convention
in St. Louis.

The increase of negro commun-
cants in the Episcopal church in the
South has, for some years past, led to
the organization of separate congrega-
tions with ministers of their own
race. They are now asking for a re-

vision of this system which will also
give them bishops of their own race.
The general convention of 1913
which met in New York appointed a
strong commission of bishops, clergy
and laymen to consider this question.
The commission, of which the bishop
of North Carolina is chairman, has
just issued its report. This will be
discussed at the convention to be held
at St. Louis in October.

The commission was unable to
agree upon a definite plan and will,
therefore, present majority and minority
reports. Those signing the
former, including the bishops of
North Carolina, Texas and Mississippi,
recommended the grouping of the
negroes of the southern dioceses into
one or more missionary districts over
which colored bishops would be placed.
They are supported in this recom-
mendation by the law members
from Virginia and Rhode Island.

The minority report, signed by the
bishops of South Carolina and Georgia,
the Rev. Dr. Stiles, of New York,
and Judge Joseph Packard, of Baltimore,
opposes the creation of new
missionary districts and favors the
election of colored suffragan bishops
for this work.

For several years past the foreign
missionary district of Liberia has
been under a negro bishop, the
Rt. Rev. Dr. Ferguson. His recent
death is greatly regretted throughout
the whole church, his administration
having been conspicuously successful.

CAR SERVICE FOR STEALEY IS ASSURED

Traction Company Decides to
Build Spur from Its Inter-
urban Line to Weston.

Street car service for Stealey Heights was assured Saturday afternoon when officials of the Monongahela Valley Traction Company, after a conference at Fairmont decided to extend their line into that suburb. Work on the extension will begin at once, it was announced Saturday night by local officials of the traction company.

Although it has not yet been definitely decided what streets the line will traverse, it is practically certain that a loop will be constructed in such a manner as to serve all the residents of the suburb in an efficient manner.

The line will be made a spur of the Weston Interurban, which passes to one side of the suburb. The traction company was granted a franchise by the municipality of Stealey Heights when the Weston line was built, and agitation for the construction of a spur has been started several times since then. Officials of the traction company investigated the proposition thoroughly and came to the conclusion that while the spur might not be a paying one at first, they felt assured that patronage would keep pace with the rapid growth of Stealey Heights.

Later Saturday night it was learned on good authority that the line will traverse North and Duell streets, returning by the same route. It was understood that the traction company contemplates building a loop at some future date.

FEDERAL

Prisoners Are Brought Back
from Martinsburg to Serve
Sentences in Local Jail.

The ten Harrison county men who were sentenced this week in federal district court at Martinsburg to serve various terms in the Harrison county jail, accompanied by two Harrison county convicts, arrived in the city Saturday evening on train No. 55 and were placed in the jail. They will not have to work on the roads in serving out these sentences, although some of them have road sentences to work out for violating the Yost prohibition law.

The prisoners were brought to Clarksburg by Deputy United States Marshal C. P. Cook, of Martinsburg, who had several more to take on to the West county jail at Parkersburg. Deputy Sheriff Lae Wolfe and other county officers met the deputy marshal at the train and took charge of the prisoners. They are William Post, Sidney Rymer, Lls Armour, James Sims, Thomas Waldo, B. Coxey, Fred Williams, Spider Riley, John Wiggins, Russell Hart, Thomas Jenkins and Andrew Hickman. Jenkins and Hickman, who are serving state sentences, are yet to be tried in federal court, their cases having been continued from the Martinsburg term.
